MEMORANDUM FOR: The Director of Naval Intelligence

SUBJECT: NIS Committee Appreciation of CINCNELM Report.
Serial 0250 of 12 March 1959

REFERENCE: Comments on Subject Report by the Chairman, NIS Committee, dated 15 April 1959

1. The NIS Committee has reviewed subject report and considers it an outstandingly meaningful commentary on the use and adequacy of the National Intelligence Survey.

2. Subject report has been made the basis of a thorough examination by the member agencies through their NIS Committee representatives to determine ways and means for improving the usefulness and adequacy of the NIS, particularly with respect to the Maintenance program. Reference memorandum sets forth the nature of this problem involving approximating 4000 published NIS sections.

3. The NIS Committee fully realizes the thought and effort which has gone into subject report, and wishes to convey its appreciation to CINCNELM and to the participating Commands and Staffs for their highly valuable assistance to the NIS Committee in the discharge of its responsibilities.
